# SPIRIT WEEK STARTS THE YEAR

**S**pirit Week from the very start was **ONE TO BE REMEMBERED**. Everything from poodle skirts to ball gowns and clothes worn backwards along with the sale of spirit links contributed to the fun and feelings that students as well as teachers enjoyed during Spirit Week.

Fifties and Shades Day started the week off just right, when many dressed in leather jackets, poodle skirts and slicked-back ducktail hairdos. Almost everyone sported his favorite pair of shades. Dressy-dress Day was made fun by those who wore their best suits, and especially by the ladies who came to school in their most elegant gowns and jewelry. It was a little strange to see at 8:30 am students heading off to Chemistry or ROTC; they looked as though they were coming in after a long night on the town! Nerd Day, which seemed to be one of the most popular, saw students in their tackiest outfits, including unmatched

socks! Busy pushing up their taped glasses and constantly counting the assortment of pens in their shirt pockets, the nerds filled the halls with high-waters and obnoxious laughs — all of which made the day outstanding. On Backwards Day the students showed their spirit by wearing clothes turned around so the labels would show. Book bags were slung over chests and glasses could be found on the backs of heads. Some even walked down the halls backwards and lived to tell it! Friday, Blue and Gold Day, a traditional event at CCHS, saw many students dressed in the school colors from head to shoes. Painted faces and sprayed hair could be found as well. The halls were decorated by the classes with streamers, balloons, and posters that added to everyone's school spirit.

At the 2:30 pep rally, the students really let it out and everyone moved on to the game and dance that night.

# THE TRADITION MOVES ON

**T**he DAY had finally come. After over a month of planning it was time to show off all of the hard work that had been put into Homecoming. Slowly the floats moved down the streets, with scattered marchers in-between. Even though there were some very nice floats, the cheerleaders looked great! Top decorators of the parade, they captured the award for best presentation. Later that night at the game, Culpeper was on its way to an easy 40-0 over Chancellor. Halftime activities brought more excitement to the crowd than the field action! The Band marched, and the Queen was crowned. Wendy Hayes received her accolades from Principal Bill Pear-

son along with Maid of Honor Stephanie Henderson.

Kirk Jennings took over the throne as King with Prince Chad Runfola by his side. Culpeper finished off Chancellor and it was time to put away the pom-poms and put on the dancing shoes! At nine pm the doors opened and the students filled the small but comfortable cafeteria at CCHS for the 1988 Homecoming Dance.

When the lights started flashing and BRISTOL SOUNDS went on the turntables, it was time to DANCE! Lee Simpson, SCA President, said, "Homecoming was a great success and everyone had a great time."

**K**nock . . . knock . . . “wake up, Billy Bob Junior . . . time to go to school . . .”

I heard my mother off in the distance as I hit my buzzing alarm clock. I stumbled out of bed and a pall of dread about Monday draped itself about me. I couldn't even scrub it off in the shower.

As the week goes on, it isn't so bad — the week seems to have wheels of its own and gets up to speed on Thursday. That makes Friday over the

speed limit, racing to the weekend. How does it work that the race to Friday speeds up and Friday is over the speed limit, yet moment by moment you feel like 3:15 will NEVER GET HERE. Anticipation.

School runs in weeks, like it or not. Some weeks are better than others — like Spirit Week for example. Participating in sports puts you on a weekly practice and game schedule. Student social life is at the end of the week because of jobs or homework.

Waiting for her boyfriend, Jason Judd, to buy the tickets, Patty Lapsley waits for the moment.

What a way to start Monday morning — English class! Andy Winn, drained after the weekend, stares vigorously at the board.

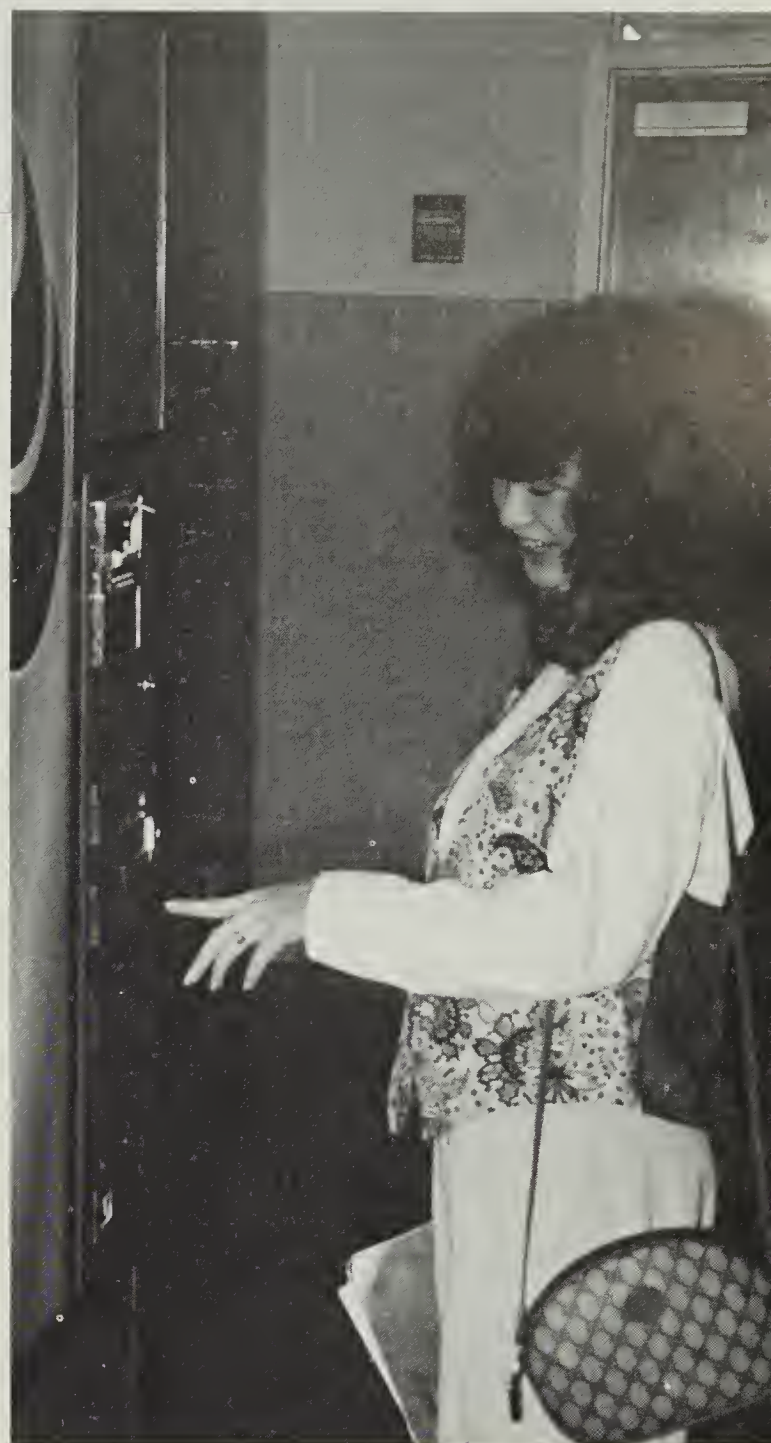

Friday after school. Tracey Diibon and Denise Boyd take time out for a quick look at the camera.

Kelli Hawkins takes time up during intermission to call home.

A new trend in school was thirst-quenching juices. Dana Hoffman during lunch decides to get a papaya juice instead of orange juice.

# POWDER PUFFS

Fall of 1988 was a little different as far as sports was concerned. We found some of the braver guys in our school dressed in cheerleading outfits, while the girls were in Culpeper's old football uniforms.

This "opposite" mixture of cheering and tackling was known as the Powder Puff Football Game, sponsored by FCA.

The teams were the "Squash Noshers" and the "Wild Women."

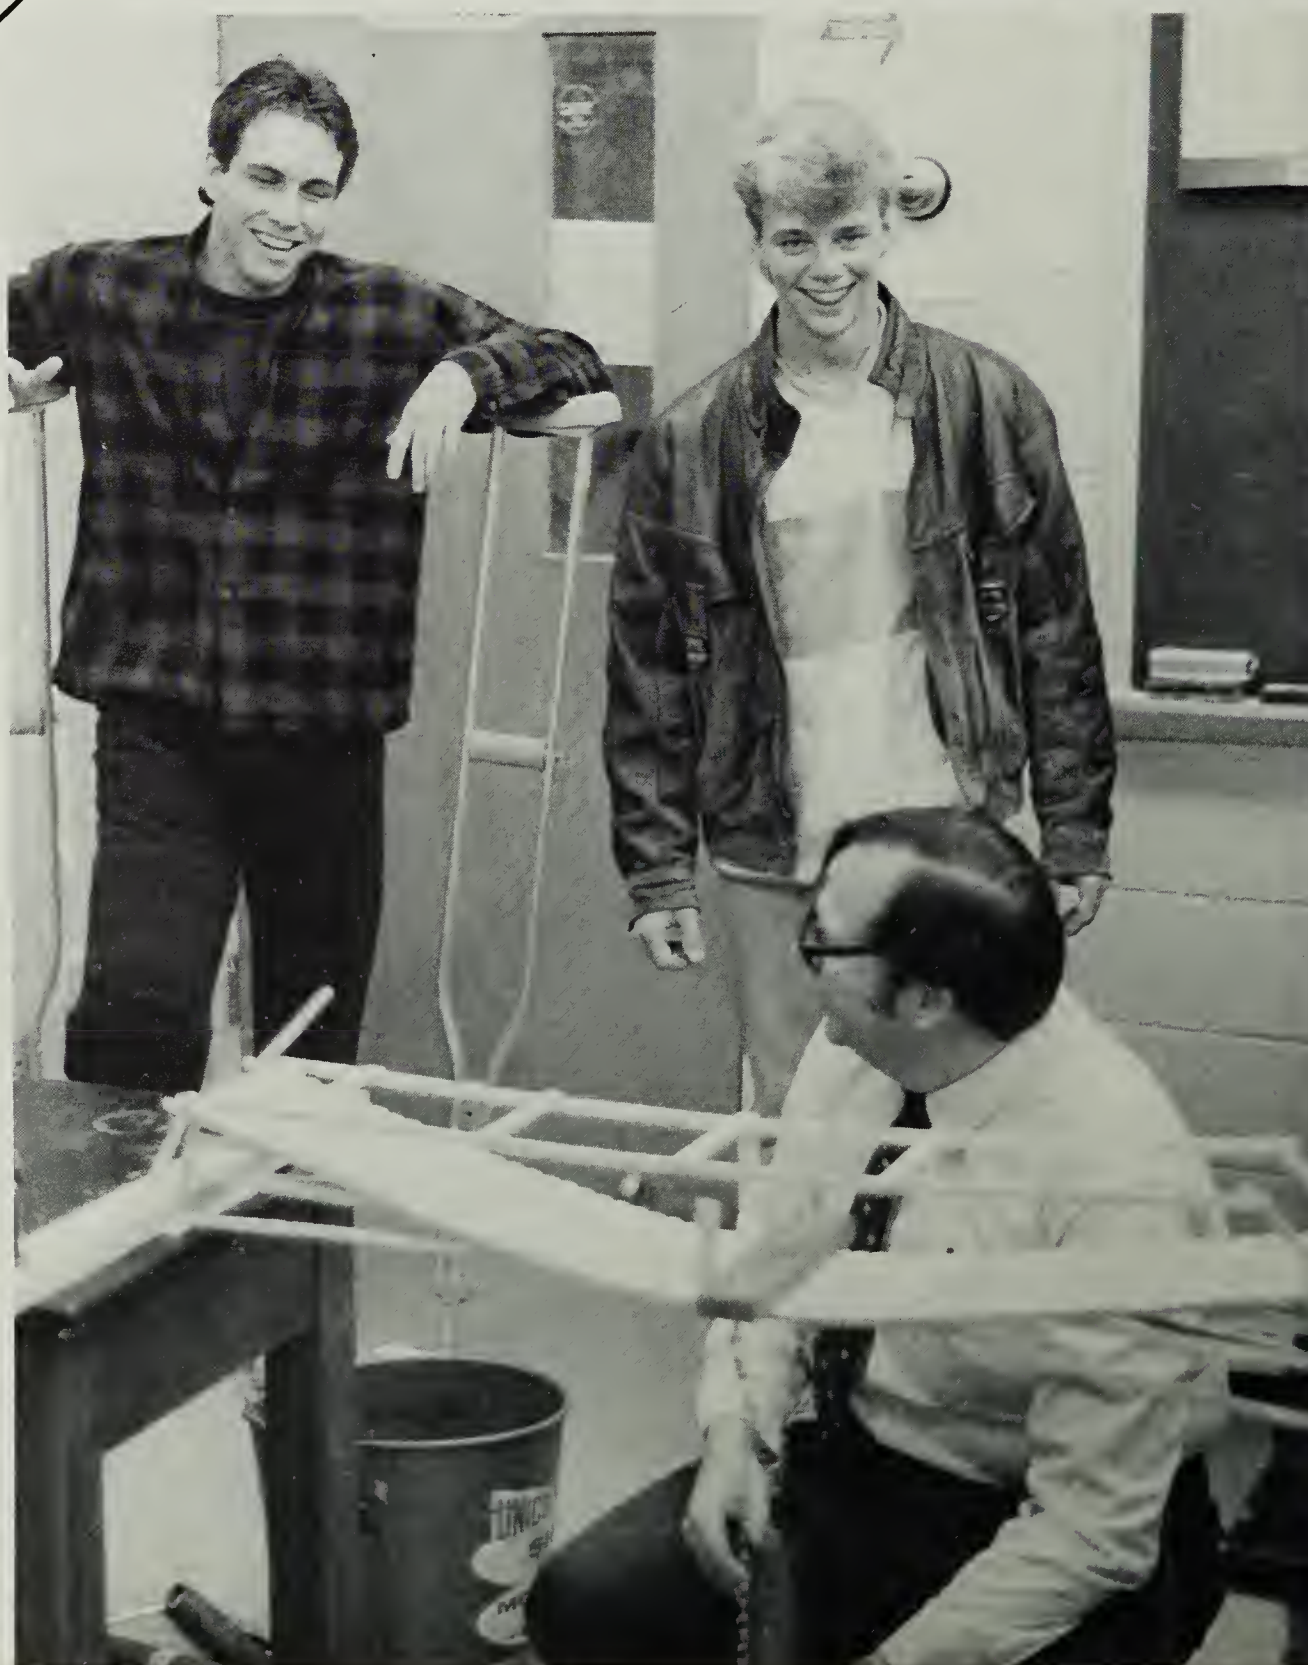

Noshers won the game but the score is a well-kept secret!

A lot of

## SIMULATIONS

dedication and hard work were the ingredients for a really great time.

# TRI-LIGHTS

Government and Science classes were quite interesting this year, with the use of simulations. They offered students many great opportunities to experiment with things such as, mock elections, "bridges," and much more.

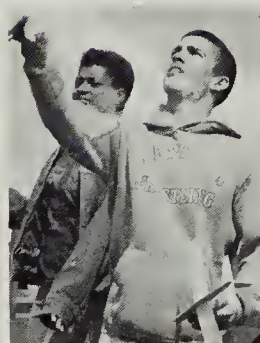

Tony Turner, a student in Mr. Creasy's Physics class, had fun working with bridges. Tony commented, "Physics class was very adventurous and exciting. I had a lot of fun."

Jacob Wray was a victim of static electricity in Mr. Earles' Advanced Chemistry class. Jacob stated, "The metal tickled and shocked my ears, and it hurt. When you took your hands away, you got a small shock. It was really neat."

Government classes gave students the chance to find out what it's like running for a government office.

Wendy Hayes, with David Bayne's help, used a "fire-side chat" to get her campaign going for the State Senate in Mr. Greene's class.

Steve Mills, Eric Cressman, and Greg Beamer decided to add a little "California Raisin" action to their campaign. We "Heard It Through The Grapevine" that they did a great job.

PHANTOM SPRING SPIRIT WEEK

Spring Spirit Week, originally scheduled for March 6-10 was a victim of Culpeper's only decent snow and ice event of the winter of 88-89. When school got back together after a 3-day break (thank goodness!!), we did a 5-day spirit week in 3 days: March 15, Opposite Sex Day, March 16, Boy Hush Day, and March 17, Blue and Gold Day (whatever happened to St. Patrick?).

# CAN'T WAIT TO **START** MY FREE TIME

**Y**es, there is life after 3:15 pm. When school ends lots of people in the school have plans. Many of today's young adults carry on jobs at local stores in order to fund their cars, dates, and college.

Other people go home to spend time with their parents, or to do homework, or study for school the next day.

After the tiring school day, some people and eventually all of us simply want to go home and go to sleep. After homework, most just hit the sack for 10-12 hours of sleep.

Some days after 3:15 groups get together to play basketball, football, or just hang out and have fun.

When the WEEKEND hits you can put away all of your schoolwork worries and go out and have a good time with your friends. For many people this is time for boyfriends and girlfriends. Going to the latest cinema is always a hit, or just being able to ride around town gives a sense of freedom as you spend quality time with your friends.

# ENCHANTMENT STARTS IT ALL

**M**ay 20, 1989 — with a weather forecast for a good evening and months of planning behind them, the revelers of CCHS began to prom before the sun went down!

What looked a great deal like yesterday's cafeteria became transformed into A NIGHT OF ENCHANTMENT thanks to some quick and dirty decorating by sponsors Ms. Scott, Ms. Tyree, and Mrs. Osborn. Rock walls, tiny stars, and red, blue, pink and violet light sprayed every corner of an otherwise plain old square room. Thanks to Mrs. Osborn and her stu-

dents, and Mr. Williams and his landscape class, there was a new senior courtyard complete with a real path that went somewhere if one was interested in looking.

LEGGs, the band of choice for three years in a row, provided music for the big event. Students remained interested in the music.

Don't leave out prom pictures — that immortal once-in-a-lifetime snap. And they looked pretty good, by the way!

New prom tricks this year included MORE fund raisers than ever,

SADD ribbons — Don't Drink and Drive. More and more couples went out to dinner, some as far away as Fredericksburg, Charlottesville, or Manassas. And then on to the after-prom parties and breakfasts. Many a mom got little sleep and lot of quiches got served but there were no casualties.

According to a reliable source, 426 people enjoyed the prom this year. Warm wishes went to SHANNON DIIBON and DENNIS KIRBY — prom king and queen!

# THE FUTURE STARTS NOW

CULPEPER. — “and the weather forecast is overspreading cloudiness with an 80% chance of rain in the afternoon. Possible thunderstorms with heavy gusts of wind.”

Thus sayeth the four o'clock news on C-103. And at five o'clock the Class of 1989 gathered in the auditorium foyer for their last moments together. And at five-ten the heavens opened up and the rains came down — for the eighth day in a row. And the graduation was NOT held on the track lawn area.

Dodging puddles at six o'clock, the Class made its way behind the MJROTC color guard to the inferno of the CCJHS gymnasium where everyone sweated it out. Begun with

an invocation from the Rev. Floyd T. Binns, the ceremony proceeded rapidly to the graduation speeches from Valedictorian Katie Lake, Salutatorian Jennifer Gholson, and honor graduates Chris Hubbard, David Burns, and Nannette Florin, after a gracious welcome from Class President John Clatterbaugh.

Principal William Pearson, assisted by Senior Sponsor James Avery, presented over \$40,000 in scholarships and awards to graduates. And then the big moment began. One by one, with names called by counselor Dennis Gordon, and perspiring all the way, all 254 graduates stepped forward to shake hands with Superintendent of Schools Tony Stewart,

receive one's diploma, and shake hands with a smiling Principal Pearson. It was a decorous occasion, indeed.

And, to the strains of DIE MEISTER-SINGER, the Class of 1989 departed the wet gymnasium into its future — and when they came up the steps, the clouds were gone, the rain had stopped, the temperature had cooled, the humidity had slackened, and there was a gorgeous purple sunset playing on the roofline of the Blue Ridge.

**GOOD LUCK AND BEST WISHES, CLASS OF 1989!**

During graduation, Kim Lyle intently listens to a speech.

# THE FUTURE OF FLOWERS

Valentine's Day this year was lots of fun in many different ways. There were several events going on in the school as Valentine's Day approached. Activities included a computer date match, a no smoking campaign, a blood drive, carnation sales, and of course individual gifts of flowers.

Earlier in the year, students filled out a questionnaire about themselves and on Valentine's Day the match-up sheets of a person's ten most compatible dates could be bought in the cafeteria.

The "Save-A-Sweet-Heart" (SASH)

no smoking campaign gave smokers a chance to pledge not to smoke on Valentine's Day, and non-smokers a chance to pledge to continue not to smoke for one year. Buttons and Pencils with the SASH logo were distributed to those who pledged.

The annual Red Cross blood drive was a success again this year as students waited in line on Valentine's Day to give blood to the blood bank to be used in emergency cases.

The SCA held their yearly carnation sales in late January. Students sent carnations and notes to sweethearts and friends in red, pink, or white —

celebrating in yet another form, the feeling of Valentine's Day. Carnations were distributed during first period on Valentine's Day.

The most noticeable event going on were the flowers sent to people in school. There were over a hundred floral arrangements crowding the main and guidance offices as well as several other rooms.

Finally at the end of the day announcements were read and then everyone sat and waited to be called up to get their flowers, as the long list of names went on . . . and on . . . and on.

*Neal Deane manages a smile while giving blood.*

Dennis Kirby plays peek-a-boo through the Valentine balloons and flowers.

Tony Turner checks out all the pretty flowers and balloons. Tony also gave blood on Valentine's Day — for the first time.

Patty Lapsley is shocked when she gets her picture taken.

Gail Yates put on a semi-smile. She is surrounded by flowers and balloons on Valentines Day.

An exhausted Angie Smith carries away her books and flowers.

Mrs. Beale is being nosy by looking at who sent all the flowers to whom.

# CLASS OFFICERS START IT RIGHT

Even though all the members of the senior class were special, four had the leadership qualities it took to govern the student body. Good leaders had to be able to work with people, and be willing to listen to the ideas of fellow students.

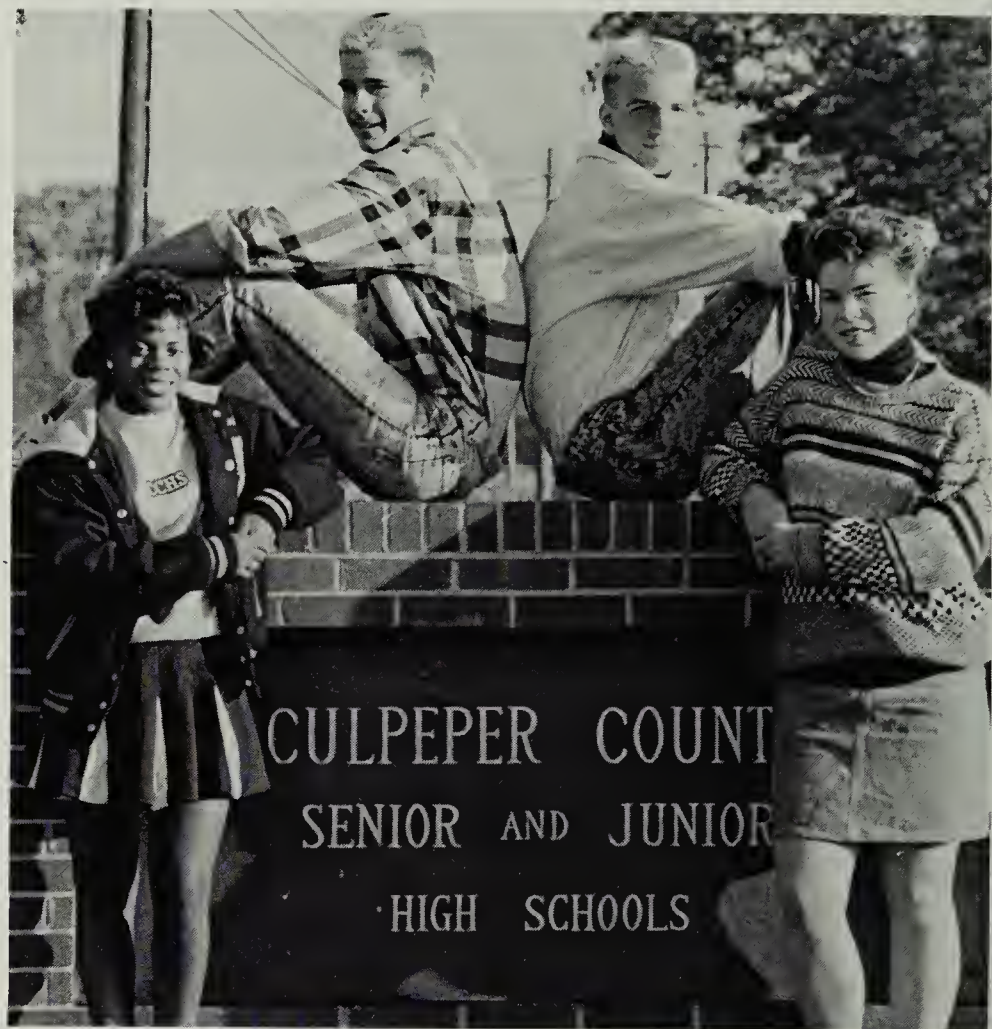

President — John Clatterbaugh, Vice President — Steve Mills, Secretary — Stephanie Henderson, and Treasurer — Carrie Moring provided leadership by being cooperative and helpful to the student body.

Being a president took a lot of patience and still John Clatterbaugh was well qualified, with his experience as

vice president in his junior year. Stephanie Henderson also had the experience and qualities it took to be a secretary, since it was her second year as secretary. As for Steve Mills and Carrie Moring, they gained new duties and responsibilities while gaining new experiences as officers.

The experiences these four people have had, over the past year, stayed with them, and may someday be useful as they pursue their goals in life.

*The senior class officers are John Clatterbaugh, Steve Mills, Stephanie Henderson, and Carrie Moring.*

# START WITH THE SENIOR PRIVILEGES

**A**s a reward for eleven years of hard work, seniors had special privileges which in some ways were very useful. A senior line, table, and courtyard were privileges reserved at lunch time for seniors. If a student's grades were at least a B in the first semester and B in the last two nine weeks, the senior did not have to take a final exam in that subject. "Will the underclassmen remain seated," was commonly heard at assemblies. Being a senior meant leaving assemblies before the underclassmen, and having a full length locker became very useful with all the books and papers seniors collected throughout the year.

# COLLEGE PREPARATION STARTS NOW

**F**or many, the senior year was a time of serious thinking about the future. Some planned to marry, some planned to work, while others were not sure. More and more students considered an old but ambitious idea: College.

Many seniors were diligently preparing to get into the college of their choice. College would give the student an entrance into a lifetime field of interest.

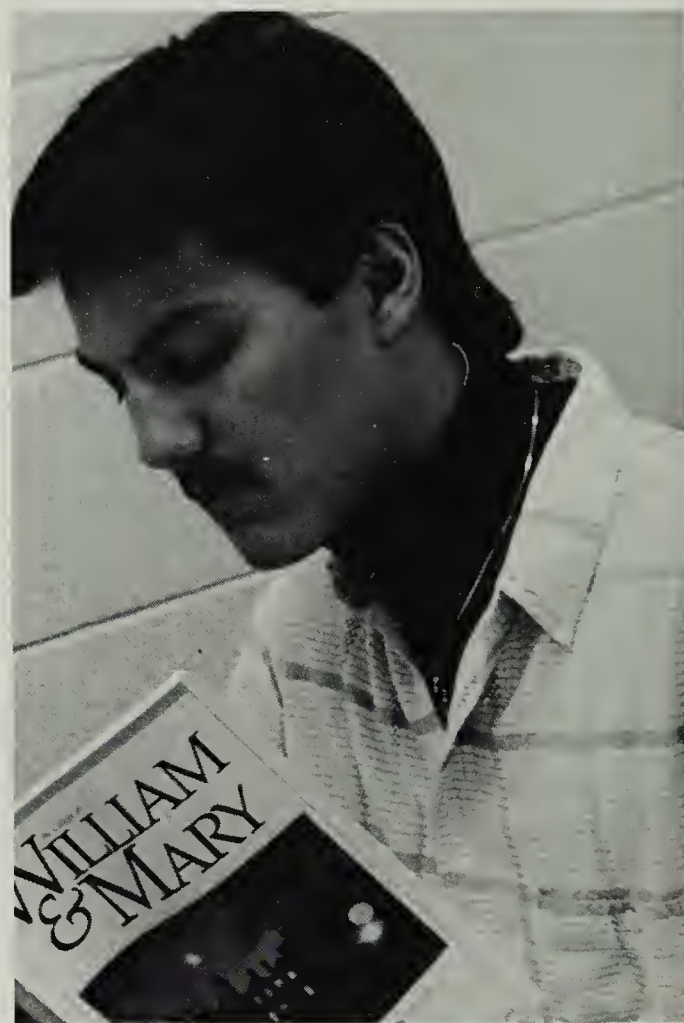

Though college could be expensive, most people were willing to pay the price to further their education.

Counselor Dennis Gordon mailed applications, essays, and references for students. These applications had

to be turned in by November 30, since most college deadlines were in January or February. Students gave three dollars to Mr. Gordon for their transcripts fee, which was mailed with the application to prevent a student's loss of application.

To prepare for college, most students had taken academic classes to prepare them. "Just being enrolled in academic classes was not enough, the student had to do well in the class for it to count for college admission," said counselor Dennis Gordon.

# Student Aides Help Out

**S**tudent aides were a big help in guidance, in the office, and even in the classroom. They ran messages and errands all over the school to teachers or students. In the classroom, they relieved teachers of checking certain papers, making copies, and helped substitutes make it through the day.

To be a student aide, study

hall and acceptable grades in all classes were required.

Thanks to student aides, things ran more smoothly for secretaries, counselors, and teachers as well as other students who all received messages promptly.

# INTERNATIONAL STUDENTS **START** TO INCREASE

**Y**es, Culpeper has grown! Every year it seems as though our high school becomes a little larger in population, but not always with American citizens. The international student body has grown, too, as Culpeper has become more a mix of Americans, Asians, and Europeans.

From sunny Spain to the romantic lights of Paris, to the hustle and bustle of downtown Hong Kong, the flower-land of Holland, the sandy shores of Cyprus — from all these they have travelled to share in our freedom and in our school. We have welcomed back Chris Hubbard from Paris, Shannon and Tracy Diibon from Spain, Phillip Kwok from Hong Kong, and Chris Hansohn, born in Cyprus. Sean Lubbe from South Africa was in school for a short time.

Chris Hubbard talked about the ordeal he went through to persuade the French he wasn't French. "They took me for a French citizen," he said. Tracy Diibon expressed some surprise about the differences in the laws of the USA and Spain. "The driving age is 18, and the drinking

age is 16." Phillip Kwok from Hong Kong stated: "At school if you failed a test, you stayed after and did extra work, plus you had to make up the test. It was 'tuff,' really 'tuff!'" When Chris Hansohn, originally from Cyprus, was asked about the laws there, he commented with a sigh, "If I return at age 18, I'll be drafted." Sari Pollack said about Holland, "In the sixth grade, you take an exam that determines what level you'll be in for your high school years. If you're in Basic, you go to school four years, General is for five years, and Academic is for six years. You can only go to a university if you're an Academic student." Unlike most people, Sari's parents didn't live in Holland due to government jobs. They "simply liked Holland!" We also have people from Germany, Great Britain, West Africa and Thailand. This could prove to be our most international year — we've welcomed them and invited them to add their cultural contributions to the American experience.

*Sari Pollack, our student from Holland, studies with a smile!*

# THE FLAG STARTS WAVING

The flag girls are the band's front line. Surely flag people go to parades, games and competitions willingly! When they go they work as hard as the band — maybe harder. Traveling this year to JMU, UVA and elsewhere, just keeping up with the

paraphernalia represents massive effort. They haul practice and marching flags plus their uniforms and other items.

Flag people have practice three times a week for half an hour but sometimes they work all afternoon.

Pam Epperson and Patty Lapsley are the captains.

Mr. Clore, Band Director, said, "This year's squad was the best we've seen since coming on as Director. Next year should be even better." It was a good year for flags.

# FASHION IS THE FUTURE

Fashion makes a statement! There are a lot of new fashions this year. A lot of clothes are always "in" such as turtlenecks, jeans and T-shirts. Riding boots were popular in the fall and winter. Nike-Air tennis shoes are back and more popular than ever. Liz Claiborne and Gucci handbags are seen a lot with the girls all over school. Scarves are pop-

ular and versatile. They can be worn around the neck and waist. Tye-dyed T-shirts and dresses and skirts are seen a lot now that spring and summer are beginning. The guys have started to wear a lot of colorful clothing. This year, you see a lot of people wearing their shirts out. This has been a very fashionable school year.

Tony Turner definitely looks fashionable in his Tye-dyed shirt, while Lori Brown wears her shirt-tails out. Note the ever-present court shoes and tube sox.

Lisa Hebler is wearing a T-shirt and faded blue jeans which is always in style.

David Bayne is wearing a necklace with his name on it; this has been seen frequently in school.

Nikki Brown wears her big sweatshirt and sweatpants on a rainy day. Multiple earrings were a major fashion item for those with pierced ears.

# FOCUS ON THE FUTURE

"You can please some of the people all of the time, and you can please all of the people some of the time, but you can't please all of the people all of the time!" — NOT necessarily true.

At CCHS so many electives existed that most students found something interesting to study. Elective classes thrived on the hordes of students eager to escape the

dreariness of what they knew as the "have to take, have to pass, love to hate!"

Students hammered, typed, marched, clanged, "parlezed," sewed, and acted out their frustrations with their imminent choice of one or more elective classes. Electives were the hit of the year and the concentration was on the future.

## Activities

# THE FUTURE OF MUSIC

The CCHS band under the direction of Mr. Clore began the year as usual until marching season with band camp in early August. The band continued to shape up for home football games and competitions.

In competition the band entered three times and sections placed at both Buena Vista and Charlottesville. The third entry was the JMU Parade of Champions. The concert band played at the Veteran's Day ceremony at the Culpeper National Cemetery and presented along with the Choir a Christmas program.

In early March the County music program presented its annual "Music In Our Schools" concert and on the following weekend the CCHS Band hosted and participated in the District IX Band Festival. It received the only superior ratings awarded on stage and a superior rating in sight reading.

The Jazz Ensemble participated in the State Jazz Festival and did numerous local performances. Concert Band performed at Memorial Day ceremonies and at graduation exercises. Busy and accomplished, the Band had a memorable year.

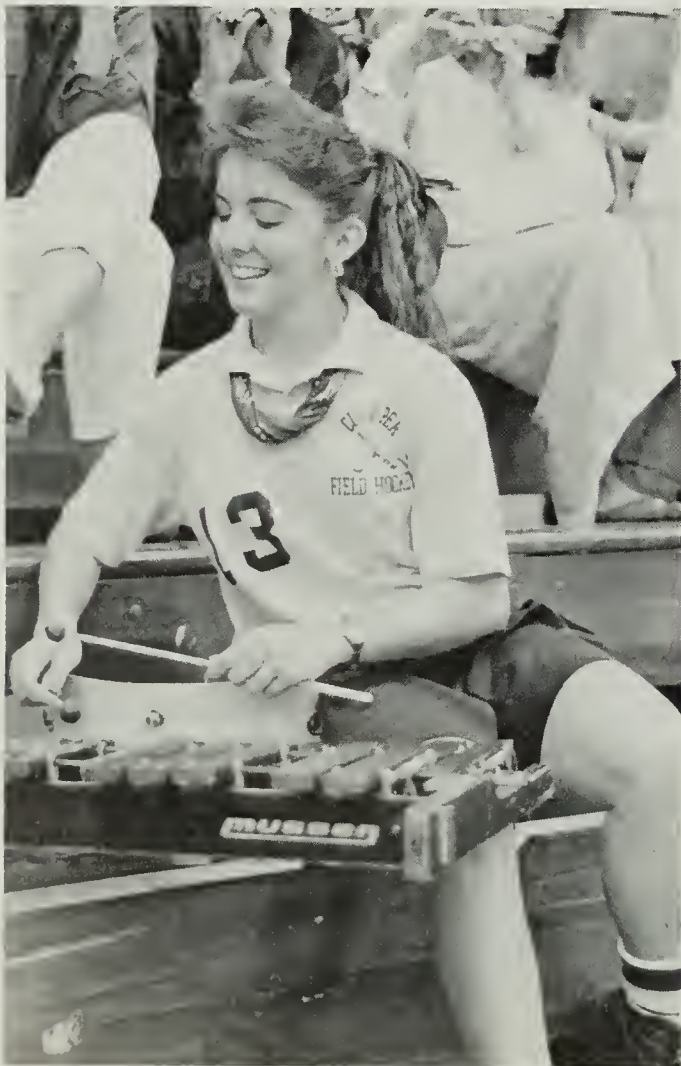

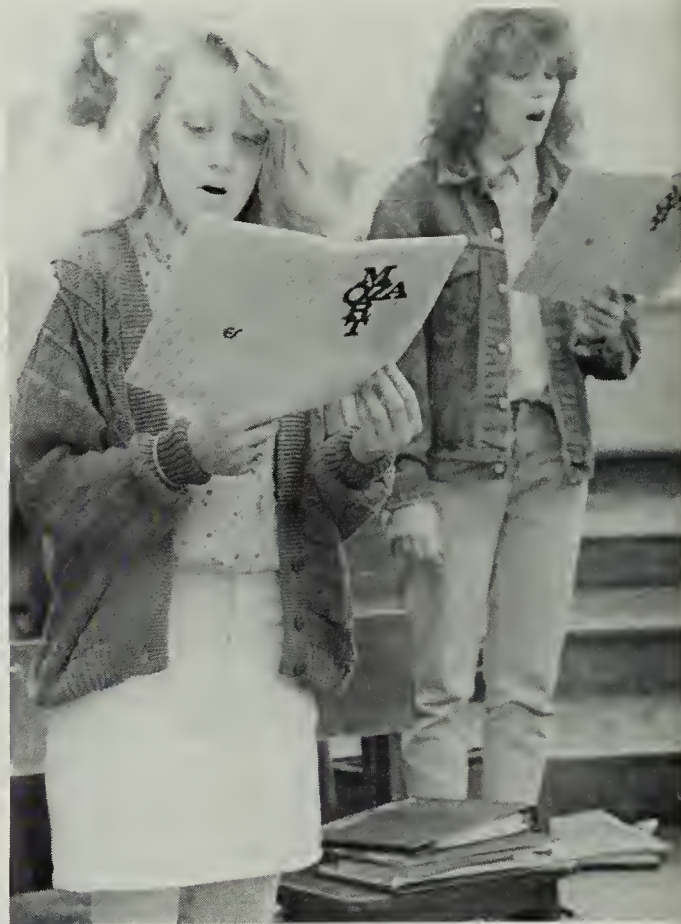

The chorus program consists of three different choirs. Select choir is a mixed male and female group. Treble choir sings music only written for treble voices and Madrigal choir performs a variety of music.

Throughout the year Madrigals and Trebles perform for many civic and church organizations. They have also performed at Homecoming, Regional chorus, Open House, and the Christmas Concert.

Kevin Gales, Jennifer Shaver, and David Winning attended regional chorus at Stonewall Jackson. At the chorus festival Treble and Madrigals both achieved excellent ratings. Jennifer Shaver was one of two from the district to attend All-State Chorus. It is a tradition for the CCHS chorus to sing at graduation and 1989 was no exception!

# ART FORMS **START** NEW MEANINGS

In drama class young student actors get their **START**. During class students rehearse and put plays together or do improvisations. Major plays this year included "Requiem", which was performed in front of the school and which won third place in competition. It brought "best actor" competitive status to Phillip Chemi, who portrayed the sergeant. "Dolls", the second production, was also performed for the student body. Dealing with the right-to-life issue, it was well received by everyone, as was the Spring play, "Sweeney Todd".

Students learn basics about art and art forms. They hope for a future in the art world, and it's a lot of fun at the same time. That's art class. One learns to capture what one sees on paper or in a three-dimensional medium by using techniques such as visual awareness and creative problem solving.

In class students learn about art history — forms past and present. Working with drawing, design, painting, sculpture and other media the key is production and quality.

# START TO PREPARE FOR THE FUTURE

School electives help a person decide what options might exist when high school is over. These classes give a taste of the real world — business, computers, even piano or guitar.

We even had a few new classes to choose from this year. Office Techniques is on board now as Office Systems. Business teachers now do a word processing class.

That perennial elective, foreign lan-

guages, teaches not only grammar and reading and writing skills in the language of one's choice, but emphasizes cultural life and contributions as well.

Home Economics — not just for girls any more — helps guys and gals learn about survival in a home. Sewing, cooking, child care, cleaning and decorating. Living skills. Personal fi-

nances. Interrelationships. It's a big world on the third hall.

In MJROTC students learn discipline — self-discipline and experience what life in the military might be like. Students decide on further training in the military or going the full twenty-year sign-up.

Electives — much more than a space on a schedule card. It's a preparation for your future. The future starts now.

“On your mark . . . get set . . .”  
“5 4 3 2 . . .”

The buzzer, whistle, and pistol sounded simultaneously and the race for points began. Time, an important part of an athlete's life, ruled showers, practices, drills and especially competition.

Final seconds often became winning points, and final moves gave the athletes a more-well-known name. Indeed the future of all sports started with a clock.

# SCHOOL SPIRIT STARTS HERE

**S**chool spirit was the main target for the cheerleaders this year. Everywhere in the halls, decorated posters announced football or bas-

ketball or wrestling. Students were encouraged to cheer their teams on to victory.

Cheerleaders traveled to James Madison University for cheerleading camp. After a hot week of practicing and cheering for competitions, the Culpeper squad brought home the NCA (National Cheerleaders Association) spirit stick. While

they were at camp, the squad earned five blue superior rating competitive ribbons.

Tri-captains for 1988-89, Stephanie Henderson, Jennifer Shaver and Gale Yates gave leadership for the group. Sponsors were Joyce Tyree and Debra Scott, who agreed, "this is the best one we've worked with."

# A BIG START ON WINNING

The Blue Devils varsity football team didn't do as well as anyone thought they would but, learning from the first game, they came back by winning a close call in the second. The score was 15-14 against Madison. Playing their last high school games

were John Clatterbaugh, Chuck Dorsey, and Paul Hutcherson.

Starting on the football team for the first time were sophomores Tom Gray and Ernest Majors.

Although they didn't win as many games as they wanted

to, they still came out looking good with a 6-5 record and tied for second place in the District. The JV's record was 7-1 but there were not enough squadsmen to have starting defense and offense. Yet Courtland was the only one to stop the team 13-12.

Led by David Myers with great legwork by Lamont McCray, the junior pigskin team put up respectable defense. David's twin Darrell showed good leadership in this important spot. Everyone looks for a good football year in 1990!

# AWESOME FROM START TO FINISH

**A**nd that's what it was — AWESOME!

The Girls' Varsity basketball team had a successful season and captured the district title with an outstanding 16-0 record.

In the regular season, they were 17-3 and overall 20-4. In the district tournament Coach Carter's team won all three challenges defeating Chancellor 57-41, Orange County 44-31 and James Monroe 63-44.

Awards were a big part of the action and three players made all district: Lawan Epperson, Michelle White and Morgan Watts. All-tournament players were Lawan Epperson and Morgan Watts; they were also named all-region.

Morgan Watts, MVP, averaged 16 points a game for a season total of 348 with 138 steals! Lawan, the most outstanding player, averaged 16 rebounds per game, collecting 401 for the season. With 12 points per game, her total for the season was 280. Most improved player was Teresa Meredith.

When asked how she felt about the season, Coach Carter said, "This team

was well-balanced skill-wise, coachable, and very enthusiastic about basketball. The blend of personalities, their willingness to work hard, and their determination to play made for a successful season from the start of the first practice. I'm grateful and honored to have been the coach of such a group of outstanding young women who love basketball. They are a credit to the school and to the community."

Congratulations to Coach Carter and the girls for an AWESOME season.

Winning five games in a row, the JV Devilettes ended the season with a win over Courtland 26-17. Their district record was 9-5 with an overall of 11-7. Leading scorers were Tracy Smith and Melanie Mosley. Kim Shanks and Tricia Page, the leading rebounders, worked closely with Moseley and Smith, who led the team in steals. All girls did well on offense and defense, and charted a good season this year. Look out for them next year!

# TALENT STARTS HERE

**"This was one of the most exciting seasons we have had,"** said Ms. Boyd. Varsity field hockey had ten wins and four losses this season. They scored forty goals and their opponents only nine goals past them. This led the team to the championship — which they shared with Spotsy and Courtland. All teams were 9-3. Eight of the girls were awarded all-district honors and there were three all-Area honors. To show how much sportsmanship the girls had on the Varsity squad, an official approached Ms. Boyd and "RAVED" about their politeness and sportsmanlike conduct. On the night of the Fall Sports Banquet, Julie Barron received both MVP award and the Cheryl Ann Smart award, a memorial to an outstanding student and field hockey player who died in a plane crash in

1985. JV field hockey people had to work hard and begin their season right. Coach Templeton said, "The JV is an exciting, challenging stepping stone to the varsity level." The team's record was 4-3-3 with eight goals against other teams and five scored against them. Lisa Gravely and Meredith Burke shared a place as high scorers. Co-captains were Kennifer Kinsey and Cathy Ouellette. JV goalie was Kristen Privette.

First row: Melissa Oliver, Becky Crow, Whitney Dodson, Gin Burton, Jenny Cobleigh, Cathy Allen, Tricia Waldrop. Second row: Mrs. Peggy Allen, Assistant Coach, Alicia Ruggiero, Carrie Moring, Wendy Hayes, Amy Umberger, Allison Gray, Julie Barron, Kristie Oxford, Ms. Ann Boyd, Head Coach.

# READY, SET - - - START!

**“T**hey are a group of overachievers. The cross-country team had an outstanding year because we had a lot of kids out for the team. They met all their goals and did incredibly well,” said coach Dave van de Graaff. The cross-country team trains all year ’round. Most of the cross-country runners also run track. They train all winter,

and run all summer to keep in shape for cross-country. The team placed second in district. The girls’ rival was Louisa and Culpeper placed second. The boys’ rival was James Monroe. The boys placed first! Collin Heffern was lost to injuries, but he bounced back.

At the sports banquet Laura Dunford and Brian Wolfe were recognized as

the most valuable player. Most Improved Runners were G.L. Pulliam and Sara van Gunst. Their beginning performance was compared to competition time, and the maximum time gained showed a lot of success. State Coach van de Graaff, “Overall this has been an outstanding cross-country year!”

# GOLF TO THE FUTURE

**"L**ack of experience." This seemed to be the general comment of this year's golf team. Led by three returning members, David Bayne, Joe Stanley, and Ryan Kube, the team posted a total win-loss record of 17-8-1. David was later recognized as the team's most valuable player with a hole-in-one — the only one in school history — in a match that helped upset District and Regional champ James Monroe. Joe was recognized for having the lowest stroke average on the team. With never fielding a definite number one this season, the linksters still took first in the Culpeper Invitational Tournament and fourth in the Harrisonburg

Invitational. Stanley, Bayne, and Kube, almost always the top three, were rarely followed by the same number four. Shashin Patel, Greg Fleming, Mike Runfola, and Tim Fleming all were number four at various times over the season. This inexperienced squad took a 7-2-1 record into the district tournament but could only finish fourth place.

Joe Stanley was the only Culpeper golfer to qualify for the Region II golf tournament. He shot a good eighty-eight, but did not qualify for state. Coach Gray said, "hopefully next year will be a brighter one."

# MATMEN START A BUILDUP YEAR

The Varsity wrestling team had a good season with an 8-3 record. Members were Dominick Brown, Tom O'Halloran, David Brown, Gerald Burton, Tom Brown, Willie Brown, Jeff Jenkins, Tom Gray, Eric Brown and Lenell Brown. Alternates were Danny Abel and Jeff Marco. The three meets that the varsity team lost were against Harrisonburg, Fauquier and

Loudoun Valley. Coach Shirley Gray took four people to state competition. Tom Brown placed third and Willie Brown placed fourth. They were joined by Roy Haun and Tom Gray, who competed but did not place. The JV record was 5-0-1. Members of the JV team were Ryan Wortman, Carmen Marco, Jason Dare, Glenn Blair, Derek Winning, Danny Corbin, Barry Edwards, Woodrow Banks, Chris Titchenell, Chris Beard, Marcus Ferguson, Jason Brown and Patrick Ross.

# A START TO THE BIG TIME

JV basketball team people had a hot time on the court when they won nine games in a row. Orange County ended the winning streak by defeating the Devils by one point. Losing a second time to Caroline by three points ended the down streak. The JV Devils won the District with an overall 17-2 record.

Contributing to the outstanding season were Larry White, Alex Scott and Tony Washington. Scott led in total points with a 253, averaging 14.06. Second high scorer Washington finished with a 244, or 13.56 per game. He was the three-point leader with 23. White, third high scorer, averaged 13.38 per game and 214 points — and 14 three-point shots. Needless to say, it was a dream ending to a dream season.

The varsity basketball team started off on the court by losing the first two games and then did a swing by retrieving runner-up in the Culpeper Christmas tournament. With the Battlefield District competition so

tough, the season was mostly tied. But the Devils pulled it out by capturing second place. Ending the season with a loss to Louisa in the District tournament, the team established a 15-7 record overall.

Leading the way was MVP James Thompson who was named to first team All-Battlefield and second team All-Region II. Leading scorer with 455 points, he established a state record for three-pointers by converting 11 of 13 attempts in a career-high 41-point performance against Orange County. For the season he hit 90 of 243 three-pointers and led in steals and assists.

Donald Butler was named to second team All-District, averaging 16.1 points and 10.1 rebounds per game. Butler also led the District in rebounding.

Most Improved player was Kirk Jennings, who saw a lot of playing time after William "Scoots" Gray injured his knee. Jennings averaged 11 points per game.

Asked how this season was different, CCHS basketball coach Billy Thornhill responded by saying, "This year's team was inexperienced. I think they did an outstanding job considering the changes we had to make."

# KICKING OFF TO A GOOD START

The season for the 1989 soccer team started on the 20th of February. The team returned with seven players from last year. Coach Heinz said, "With half of the team never having played soccer in high school, we had to begin with basic training fundamentals."

The lack of experience showed when all the injuries started happening. But that didn't stop the Blue Devil kickers — they showed their spirit! and challenged the regional 'powerhouse' — Chancellor.

The team finished with a

winning record and put five players on the Bettelfield All-District team. They were: Chris Hubbard, Greg Beamer, Rob Mangrum, Hans Heinz and Mark Bernhardt.

The final records, after playing all-district, showed that we won seven, lost six and tied one. The game against Courtland had to go into overtime and we got the final point to win the game. Coach Heinz said, "The importance was not the goal, but the movement toward it, and this we achieved."

# START THE CLOCK . . . PLAY BALL!

The Varsity baseball team wasn't picked to finish in the top four this year in the Battlefield District pre-season polls. But they made believers out of all the doubters when they became one of the premier teams by season starting day. They finished second, but split the season series against Louisa (number 1) and Courtland (number 3) and swept their series against number 4 James Monroe.

James Thompson led the Devils in batting average (.558) and on base percentage (.720) Thompson also led the team in homeruns with six as well as with hits. Eddie Stapleton had the second highest batting average (.537) and had one home run. Chad Runfola rounded out the top three hitters with a .468 batting average and 2 home runs.

Chad also led the team with 41 **STOLEN BASES!**

The Devils tied a team record with 13 wins in the season. Devil ace Luther Alexander had a 4-1-1 record and a 2.3 ERA. The key to the Devils was team atmosphere and depth. When the reserves were called on they performed well under critical situations.

The Blue Devils placed three people with District honors. Chad Runfola and Dana Hunter received first

place honors as outfielders and James Thompson had a second place spot as a designated hitter.

The Junior Varsity baseball squad had a successful season this year and finished second with a 12-4 record. One game behind first place Louisa, batting leaders were Chris Settle (.438) with 19 RBI's. Steve Dean had an on-base percentage of .627 and Todd Amos had 38 **STOLEN BASES!** The team itself had 222 stolen bases and a team batting average of .359.

"This year's team can be described with one word — TEAM," commented Coach Harry Falls. "Each player gave 100% and was willing to do what was needed for the whole group."

# THE FUTURE CATCH

**B**ump, slide, run, bruise, hit, catch. It was a great year in softball. 15-6 in a season under team captains Angie Smith and Amy Umberger is a job well done. Most Valuable Player Missy Norris and all other team members contributed heavily to the season.

JV needed more than practicing. More luck. More fans. More cheering. Four valuable JV's were moved up to varsity, and the gap was never closed. Coach Janet Gillespie kept spirits up, and it was a good year for practice. High school team members were Candy Brown, Tracy Smith, Sandy Hawkins and Kris Brown. # START THE RACE

**T**his year boys' track had a very exciting, fun season. Brian Wolfe was the top long distance runner, winning third in District, third in Regionals, and third in State. Frank Wilkins and Matt Keyser contributed to the sixteen-hundred meter run, while Wilkins finished well down the list in Regionals. In the field events Thomas Agnew was top in the long jump and high jump. Robin Moore contributed to the high jump, also. In the pole vault David Myers, the only

vaulter, finished third in District, fifth in Regionals, and fifth in State. Daniel Holmes, John Clatterbaugh and Kevin Lewis competed in the throwing events.

Chuck Dorsey, Eric Dinkins, Josh Nowacin, Jerry Miller were the top sprinters. In the one hundred ten meter hurdles Robin Moore, Jason Moore and James Newman competed. The whole team contributed well this season, through plagued by bad weather and injuries.

**T**his year's girls' track team was very young and inexperienced; however, the team members made up for the inexperience through hard work and determination. The girls improved steadily as the season progressed. Our record was two wins and four losses in dual meets. The factors (weather, illness, and injuries) that we had no control over hampered the team in mid-season, and we didn't meet our potential.

In field events (long jump, triple jump, shotput, and discus), Tammy Meredith, Morgen Watts, and Kim Shanks were our strongest athletes. Morgen Watts advanced to Regional competition in the discus.

We had talent in the sprint

events but injuries and illnesses really took its toll on our sprinters. Tammy Meredith, Amy Orange, and Kim Shanks were our most competitive sprinters.

We were strong in middle and long distance. Lisa Hebler and Sara Van Gunst were very good in the 400 dash, while Morgen Watts was the top competitor in both the 400 and 800 dashes. Morgen advanced to Regional competition in both events. We had depth in distance. Laura Dunford was the top miler, and Nanette Albache and Jenny Riddle ran the mile and two mile.

We had one of the largest teams in number than in recent years, and an excellent group of eighth graders. The future looks very promising for girls track as a whole.

# THE CLUB STARTS HERE

9:02 a.m.  
Let's see, fourteen more minutes of first period — but wait, it's CLUB WEDNESDAY!  
Now most of you might think we are talking a posh disco here but we are not. Two Wednesdays a month classes

were shortened to allow time for clubs to meet. Students could choose from a long list two clubs to join. Teaching, academic, athletic, vocational and service clubs were plentiful. Wide selection and wide choice were keywords to CLUB WEDNESDAY.

# SKILLS FOR THE FUTURE

Students at CCHS were offered many great opportunities through the teaching clubs this year. These clubs are Library/Media, Drama, Sign Language, 4-H, Chess and the Rescue Club. Students in Library/Media had the experience of working with TV, VCR, and other components and equipment. Drama students had a chance to work with sets and props. Working

with scripts, students learned basic acting skills and terminology. Sign Language offered students the opportunity to talk without "words." Learning the 26 letters of the alphabet, words, and simple expressions was a real challenge. They found out that it takes a lot of signing to say 'hamburger, french fries and a coke'!

# SKILLS FOR THE FUTURE

4-H carried on its tradition by having various speakers, one of whom talked on automotives. Students were given information about buying new and used cars and had an opportunity to participate in an automotive contest.

Chess club people got a chance to augment their abilities. Concentration, patience, and strategy were hard to learn, but everyone now knows their importance in chess.

Even though the teachers spend a lot of time teaching first aid and

emergency procedures in the eighth or ninth grade, some students decided to polish up their skills. The Rescue Club offered information in handling emergency situations. They also got more instructions in basic first-aid.

Each club was a big success. Students learned a great many new ways to do things and had fun in the process. They also now have skills that can be used in the community — and having fun was important.

# LET IT START OUT RIGHT

**T**he academic clubs, Business Communications, Phi Theta Gamma, National Honor Society, CATS (Culpeper Academic Team Sessions), Science, and Latin prepare a student for challenges which he or she faces in later life.

Many of these are career-oriented. Business communications and CATS help in public speaking, computers, keyboarding and word processing,

and attitude building.

Other clubs such as Science, Latin, and Phi Theta Gamma are excellent points of preparation for the fields of science, medicine, or accountancy. Each club has something different: Latin takes cultural trips, for example, while Phi Theta uses games and really difficult problems to challenge members.

National Honor Society includes

students with a grade point average of 3.0 or better. In November NHS sponsored a guest speaker, former CCHS student Mr. Ken Alphin, who came to the assembly to talk about being motivated and not necessarily grades-only on one's outlook. All in all, the club scene in school is well-rounded, led off by NHS, the academic honor club.

Varsity Club is open to everyone who plays a varsity sport. At club periods the group gets together to play and talk about sports.

*Lloyd Gimbel and David Bayne discuss upcoming events for Varsity club.*

The Fellowship of Christian Athletes takes monthly trips with fellow athletes. One of their most important times is when they discuss their experiences as Christian athletes.

Ski Club, the new boy on the block, and growing, takes trips — usually

on weekends — to ski slopes such as Massanutten or Ski Liberty.

All these clubs have big memberships and lots going on. It tells the story of Culpeper students' interest in athletics.

# PARTICIPATING IN YOUR FUTURE

Vocational clubs give students goals and achievement skills. Future Business Leaders of America (FBLA) sponsored the Miss CCHS pageant and sold daffodils in addition to the ten thousand curriculum-related activities for the year. Under the leadership of President Ailsa Ware the group kept its reputation as one of the most active and knowledgeable clubs in the state of Vir-

ginia.

DECA (Distributive Education Clubs of America) has had a good year in fundraising — directly related to its marketing skills it teaches. Everyone got one cavity at least from the candy sales. There was also a concert for the students and Christmas sales. At the State convention Culpeper DECA did an outstanding job. But most important

DECA assisted students in job-seeking.

Future Homemakers of America (FHA) is the group that zeroes in on the skills needed for home living. This is a long way from cooking and sewing, folks. These people had fund raisers and field trips. The day trip to the Williamsburg pottery is now a tradition!

# START WITH SERVICE

Some clubs are formed to enhance sports or student hobbies. Some are geared to later vocations. These clubs are about serving school and community.

Octagon Club participated in the Culpeper Clean-up and members did volunteer grounds work at the National Cemetery.

Our latest addition was SADD (Students Against Drunk Driving), President Megan Revis had the club's main goal this year — informing students of the consequences of

drinking and driving — constantly before the group and the student body. Everyone knew to expect an excellent announcement on the subject every Friday afternoon.

SCA, the student council, plays the role of brining the student body and faculty together. Formed specifically as a means of student input to the school, President Lee Simpson worked all year with homeroom representatives. Students had numerous opportunities to participate in SCA activities and improvement programs.

# YEAR OF THE CRUTCH

**b**oom — bam — bang — OUCH! What's going on? Why, the year of the crutch, of course.

Students were aided by crutches for various reasons, a well-used one being sports injuries. Angie Smith's dedication to softball led to a cast on her right leg. Destined to dine and dance on Prom night, and walk across the graduation stage on crutches, Angie made the best of her predicament and even cheered on the softball team from the sidelines. A very enlightening interview with Carter Marsh revealed that not all students had injuries as the result of playing sports. Carter "stepped on a rock and broke [his] foot." Carter claimed he was trying to join a friend who was on crutches.

Other crutchers included Scoots Gray, Heather Harris, Peter Counts, Neal Deane, David Kinser, Tony Sisk, Dennis Kirby, and Brian Payne.

Andy Minarik gets help from a friend. One advantage to being on crutches was getting out of class early every day.

*Heather Harris leans into the action.*

# STAGED START

The spotlight was on, the curtains opened. The fifteen contestants in the 1989 Miss CCHS pageant stood on stage in sequined red and black costumes as "All That Jazz" began pouring through the auditorium speakers. After the opening dance, contestants participated in the individual talent competition.

The most unique talent, displayed by Lisa Hebler, consisted of a belly-dancing routine. Kristie Oxford, however, received the Over-All Best Talent award for her spirited dance routine to "Wild, Wild West."

Master of Ceremonies, Mr. Duane Clore, also conducted the CCHS Jazz Ensemble during the pause between the talent and evening gown portions of the program.

Members of the CCHS Junior ROTC escorted contestants during the evening gown competition.

While judges debated the winners,

Miss CCHS 1988, Alicia Ruggerio, performed her talent from last year. Contestants voted anonymously among themselves and Tammy Dean was selected as Miss Congeniality. Best Sophomore Scholarship was Nanette Albach, Best Junior Scholarship, Jennifer Shaver, and Best Senior Scholarship, Angie Smith.

Other contestants were Christy Cel-ello, Lawan Epperson, Stephanie Henderson, Tracy Kilby, Patty Lapsley, Megan Revis, Ailsa Ware, Gale Yates, and Nicolle Isaacs.

Second Runner-Up for Miss CCHS 1989 was Angie Smith and First Runner-Up was Kristie Oxford.

Jennifer Shaver was crowned Miss CCHS 1989.

*Miss CCHS, Jennifer LeAnn Shaver, is flanked by Angie Smith and Kristie Oxford, second and first runners-up, respectively.*

# PIEDMONT EXPRESS

"Piedmont students, may I have your attention please. All morning and afternoon Piedmont students should report to the buses in the loading area outside the office at the regular time."

But, COLONNADE wondered, where do they go and what do they do when they get there? So the staff dispatched its fearless adviser with camera to follow a bus one day and find out for sure if there REALLY WAS a Piedmont.

Drafting. Auto mechanics. Data processing. Cosmetology. Small engines. Nursing. Electronics. Building

trades. Machine shop. Office Services. Food Services. And the list is practically endless. All of this is offered to Culpeper, Orange, Madison, and Rappahannock students every day in the Piedmont Technical Education Center, formerly the George Washington Carver Regional High School on Route 15 south of town.

As the accompanying pictures suggest, there is a great deal of learning that takes place at this place. The Culpeper contingent is the largest group to attend. Seniors, remember the fabulous Senior Cake, the crea-

tion of Craig Alexander? It began at Piedmont in the Food Services class and ended at the Senior picnic — with a big help from our Mrs. Home Ec Walker. Your engine on an analyzer — you should see the new 20K jewel at Piedmont! Unedea new hair style — try cosmetology!

Students have fun, learn much that is useful in their careers, and get to know future colleagues in the business and trade world at Piedmont. And we just thought they went for a bus ride!

# PSAT STARTS THE FUTURE

**P**reparing for "life after high school," the juniors took the PSAT in October. Given to students as a pre-test, they would be ready — they hoped — for the SAT's later in the junior year. SAT's were taken by Seniors in November and by Juniors in May.

*Deciding which circle to fill in, Tony Turner takes the SAT's*

The test itself consisted of algebra, vocabulary, science, reading comprehension and questions on almost every major academic area in the school. SAT's and PSAT's are important to all college-bound students — admission or denial to the school of choice all of a sudden becomes a sobering thought.

**C**ulpeper County High School's Color Guard is a unique and privileged organization. They perform at almost every community function in the County: parades, ceremonies, athletic events, and national holiday celebrations.

Members of the color guard were selected for their per-

# START YOUR COLLECTION OF EXPENSIVE JEWELRY

**T**hat time of year came again — time for the Class of 1990 to distinguish itself as upperclassmen! If unique recognition for a sophomore is a driver's license, and if a diploma is it for a senior, then the class ring of gold or silver is the hallmark of a junior. In late September Juniors at last had a chance to order rings. This year, as in the past, class members ordered from the Balfour Company. Some people found out that their

*How much does one class ring mean to you? How about walking around school with four on your hand?*

**GRANDPARENTS** had Culpeper rings made by this same company! Juniors probed and picked and looked and compared until they put together the suitable combination to match the available dollar. The choices were myriad. Some people didn't get birthstones — they clashed with their clothes or were just plain dull. Charolette Ward said, "I think there are a lot of different and unique stones and sides to choose from." Rings came in just before Christmas and symbolized unity, spirit, creativity, and one's own personal choice.

# SOPHS **START** OFF RIGHT WITH NEW OFFICERS

**T**he Sophomore Class was well-represented by five officers this year: President Nicole Epperson, Vice-President Sharon Hawkins, Secretary Lisa Hebler, Treasurer Pinkii Price, and Parliamentarian Shani Hinton. These officers brought the class together in unity for SPIRIT WEEK. The group

also conducted fund raisers to stash cash for the prom next year. Mrs. DuFresne, sophomore sponsor, after unloading her classroom of cheese, cheese, cheese, candy, candy, and cookies galore, sighed faintly, "The sophomores cleared around \$2400!"

# START OFF WITH TWO LEFT FEET

When the ninth graders "migrated" to CCHS, they were once AGAIN faced with being underclassmen. This onus had lastly occurred at grade seven, when they started at the bottom, and after lost books, papers, up-and-down grades, corridors, locker combinations, and all the other plagues of junior high, they had finally reached the legendary status of Freshmen. Then came the Fall of 1988 — back to underclassmen and a new term — sophomore! At the bottom of the ladder. Late to class. Lockers. Combinations. Study halls and the end of the lunch line. Dealing with the pressures of high

school.

But it had its rewards, in this order: sixteen, driver's license, driver's license, and driver's license. Getting "on the range" and "on the road" was the number one item in everyone's minds.

Parents began to put more responsibility out there for them, and some began to think and talk college or jobs. A sophomore could even look forward to becoming a senior — some day.

Sophomore meant many things. It was a new school, new people, new teachers, and "on the road again, we hope."

# START YOUR DRIVING CAREER HERE

Becoming a sophomore has a lot of hidden opportunities. One of these that crawls out is getting a driver's license. Most tenth graders receive their licenses then, depending on one's birthday. Absolutely everyone anticipates the sixteenth birthday. Used to be that was true, too — you got to go out on dates then. Now, you get to go out ON WHEELS. Through PE or a study hall students are offered an opportunity to take "the range." An 18-22 day course, it takes a lot of concentration and close listening. Mr. Poole, instructor, is in charge and one soon learns about signs, turns, barriers, lines in the road, and how many mistakes you can make real fast — and how dangerous you could be

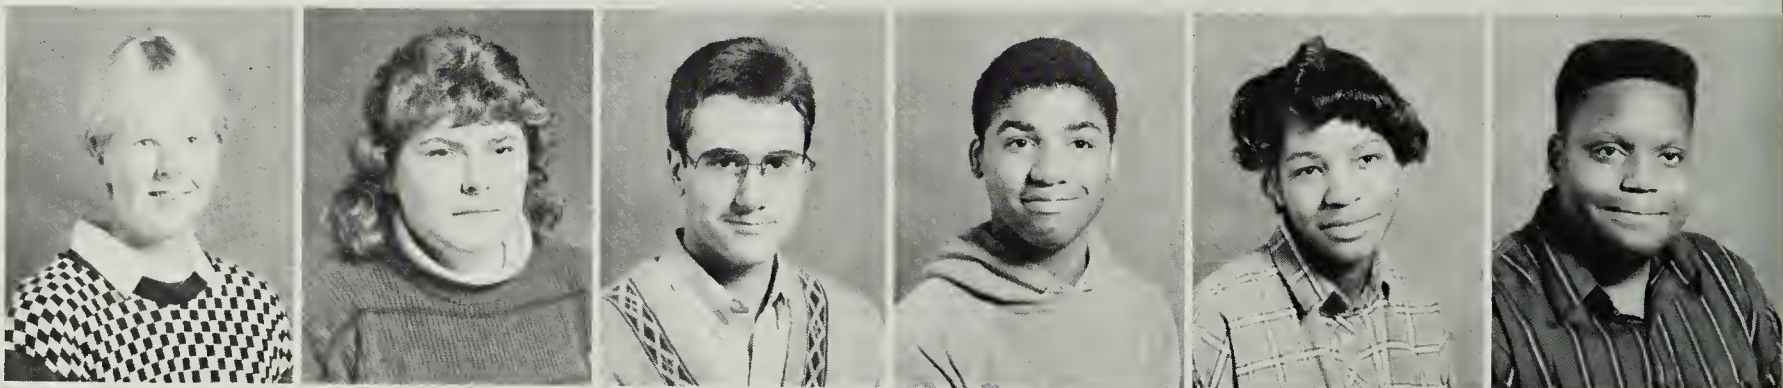

if you don't know what's going on on the road.

The biggest moment is taking the permission form home to the parents. Once signed, the way is clear to practice those driving techniques which will lead to THE DMV TEST. The other part of this is a full nine-weeks course in classroom driver rules and regs. This is the other half of what is needed for THE TEST. Finally the day arrives, and after a serious moment taking the written test and a ride with the examiner, you get the word — you're on the road. Only a trip to J & D Court remains to pick up your permit and off you go for a lifetime of hopefully good driving.

# STARTING TO SEE DOUBLE

**F**ive sets.

The class of 1991 had a statistic! Five sets of twins! Tim and Greg Fleming, Jeff and Jeremy Walker, Annette and Jeannette Settle, and David and Darrell Myers were the class members.

When asked what life would be like without a twin, sophomore Dana Yowell replied, "Difficult; it's really special to have a twin. It singles you out from everyone else. And, though we are totally different, we are close to each other and share many things."

Surprisingly enough, there was not a set of twins in the eleventh grade but in Grade 12 Crystal and

Karen Manuel shared the spotlight.

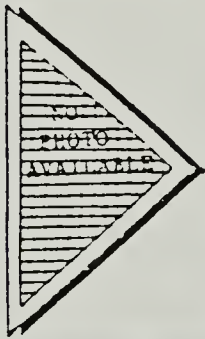

Annette Settle was asked if she were often compared with her twin. She replied, "Yes, all the time. People compare our looks, personalities, and even our grades." Annette's sister, Jeanette, was asked the do-people-get-you-confused question to which she laughed and said, "I have a scar under my eye — that's what people who know me look to see!"

Looks, which are quite deceiving, tell it all twins are people, too.

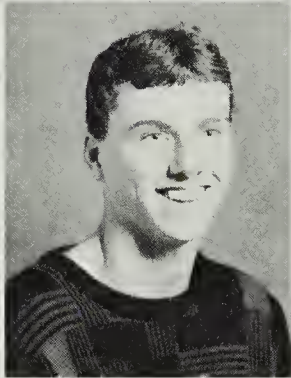

*Do you wonder if twins Gregory and Tim Fleming's teacher has a hard time telling them apart?*

# STUDENTS START JOBS

Work didn't stop when school did for many students. At the 3:15 pm bell some students filed out to make their way home while others left for 5-6 hours of work. Some people held jobs at fast-food restaurants, gas stations, or at grocery stores. These people worked for various reasons, which range from paying for a car to insurance to "just having spending money."

Mike "the produce man" Bradshaw, said, "I work to have wheels and spending cash for weekends."

Marketing Education supported these activities by allowing students to go to school part of the day and

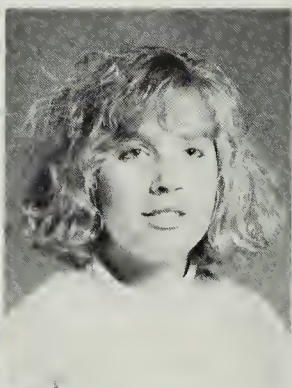

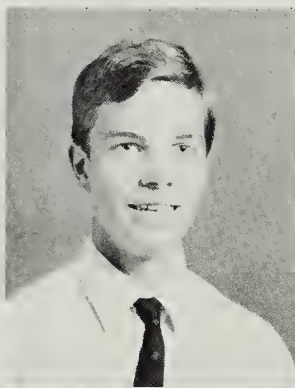

work the other part. Some students left at 11:07 while others waited for other classes to be over in the afternoon. Leaving periodically during the day is an important part of going to work. "It's hard to go to school and work, too, but it has its rewards," commented Jason Judd the darkroom king.

For whatever reasons the students worked, or where they worked didn't matter because they all seemed to like the experience and agreed it was a "large part" of their lives.

# START GETTING READY FOR LUNCH

9:15 am and near death from hunger . . . Why didn't I go to the breakfast line this morning and get food?

Better than that, why didn't I brown bag and now I could snitch before second period. Can it be that my only hope is — LUNCH IN THE CAFETERIA?

Well, it isn't so bad today. Everyone knows to avoid the hamburger and watch out for hot dogs, Pizza. Not Domino's, but you can live through it.

They have something called "Type A Lunch" which makes you never want to see Type B — don't they name flu viruses A and B?

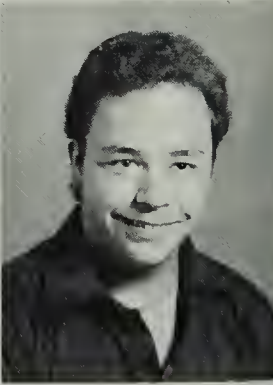

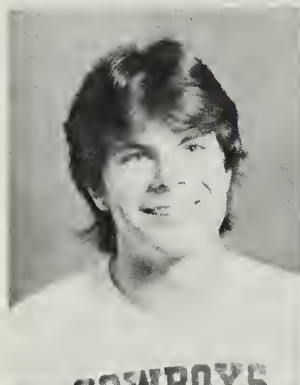

Sometimes we have chili and other times we have roast turkey. But mostly we eat pizza. And salad. Tons of salad.

Mrs. Layne and her staff are friendly and the real truth is that a lot of students eat the cafeteria lunch every day. Sometimes we have sales tables for tickets to events or for carnations. This yearbook was sold in the cafeteria.

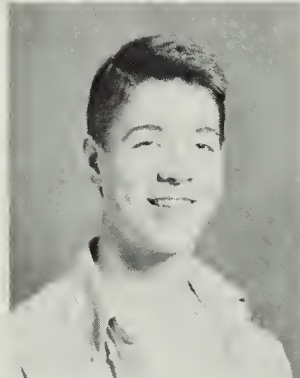

It's still only 9:16 and I'm really starving. 11:07 is the magic moment!

#### BANANA CREAM & CRUNCH PARFAITS

(makes 4 servings)  
 1 package (3 1/2 ounces) vanilla instant pudding and pie filling mix  
 1/2 cup dry CARNATION Nonfat Dry Milk  
 1 1/2 cups cold water  
 1/2 cup sour cream  
 1/2 cup granola  
 1 small sliced banana  
 4 maraschino cherries (optional)

Combine pudding and pie filling mix and dry nonfat milk in medium bowl. Add water and sour cream. Beat with rotary beater about 2 minutes or until thick and smooth. Divide half of pudding among 4 dessert dishes. Sprinkle half of granola over pudding. Arrange banana slices over granola. Top with remaining pudding, then remaining granola. Top each dessert with a maraschino cherry, if desired. Serve immediately.

# START YOUR FUTURE HERE

Ann Slaughter Wingfield, an educational pioneer in Culpeper County, and her early staff, pictured above, set the pace and began a tradition that has brought to the County schools well-trained teachers, administrators, and staff who over the years have left those indelible marks that teachers leave on their students and the community.

The 1989 CCHS faculty and staff are no exception to this tradition. Four building administrators, a Director of Guidance and three counselors — one for each grade level — and two librarians/media specialists complete the staff. There is a teaching faculty of 59 whose classes are as traditional as MacBETH and as varied as PAS-CAL. Instructional assistants work directly with students in TMR and MJROTC; there is a full-time library clerk.

In addition there are three office secretaries, a guidance secretary, and a school bookkeeper. The school also employs two daytime custodians and a cafeteria staff consisting of a manager and seven food service workers. It's a long way from Mrs. Wingfield and her group of seven pictured here to the modern, well-functioning Culpeper County High School but the level of effort and commitment are not diminished.

# FRIENDLY FACES FACE THE FUTURE

Left to right  
 Blue Devil spirit  
 Paul Hutcherson in a rare quiet  
 moment alone  
 Lazy laughter  
 Serious business  
 Insanity? or a fantastic display of  
 school spirit?  
 LaShaun Yates creates FBLA's latest  
 bulletin board sensation  
 Former athletic director sticks his foot  
 into all sports activities  
 The consequences of kneeling for a  
 picture after a week of rain  
 "I never knew taping up a truck  
 could be such fun!!"

# FRIENDLY FACES SEE THE FUTURE

English Seminar requires constant dedication

I said, "Pin it to my DRESS!"

Need I say more?

Ooo, baby . . .

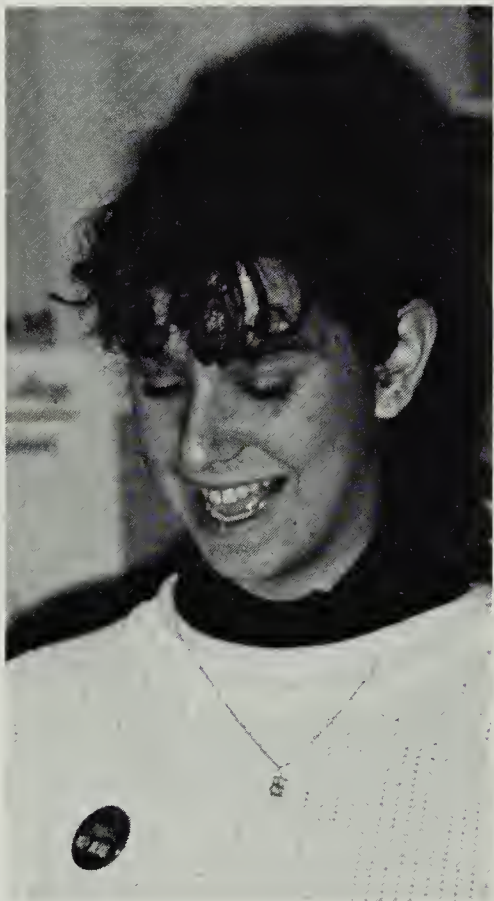

Is this backwards, or what?

"Sure, I'll help raise money for the senior picnic."

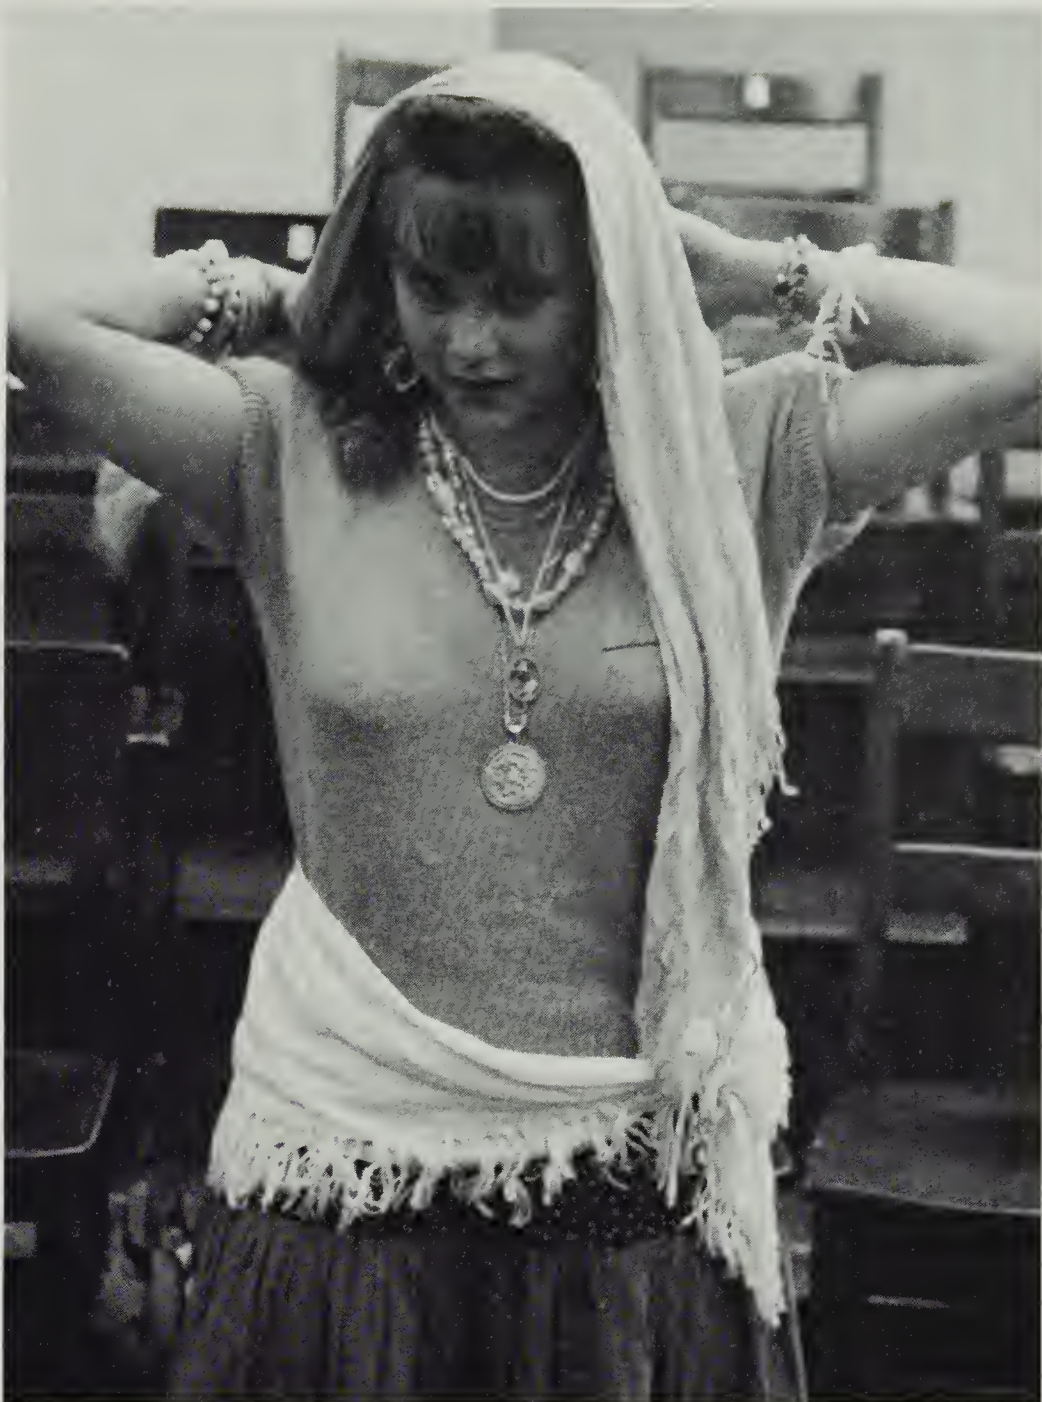

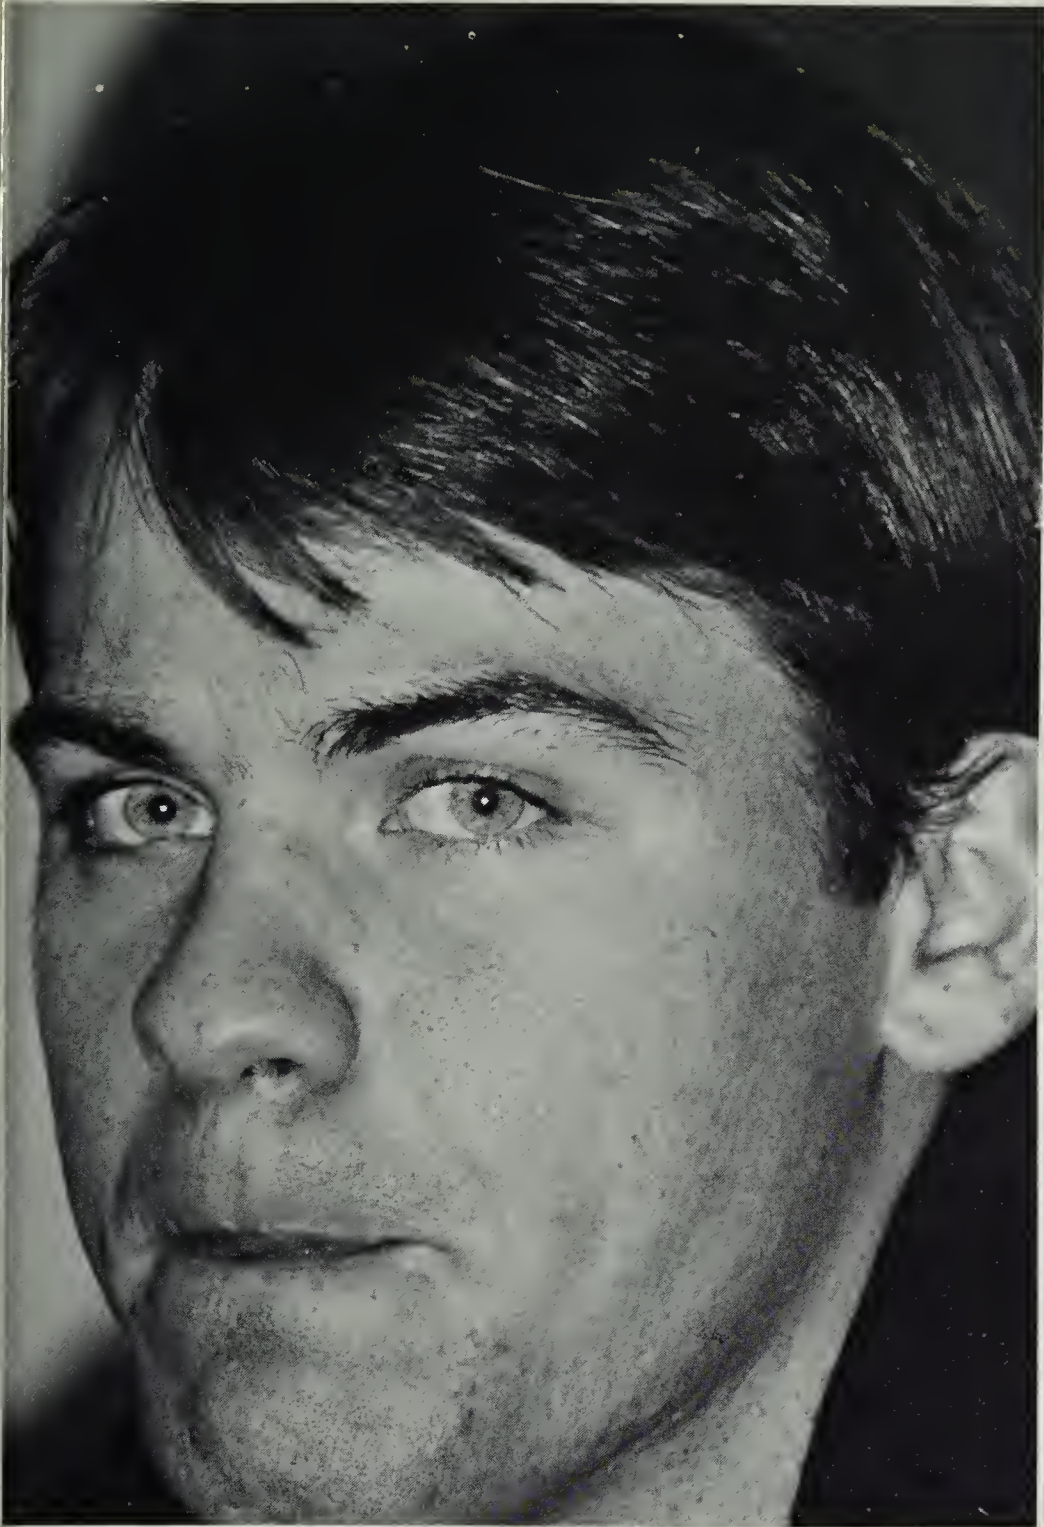

The "cool" photo of the senior class officers

Sharing a hug and a laugh

Got a spirit that shows

*"we know you're just wasting time, 'cause we're the CLASS OF 89. Bye, y'all!!"*

# START YOUR FUTURE AT HOME

Culpeper County in 1989 is home to over 25,000 people, and has some of the finest scenery on the East Coast of the United States. In addition, there are numerous business and manufacturing operations that give a diversity to the community.

We welcome participation in COLONNADE LIV by those who have advertised this year, and we thank you for your interest in Culpeper County High School and its students.

# COLOPHON

The 54th volume of the Culpeper County High School COLONNADE was printed by Hunter Publishing Company (a division of Josten's), Winston-Salem, North Carolina, based on a contract arrangement with Max Ward Studios, Inc., Charlotte, NC. 600 copies were printed, each with a retail price of \$20. All sales were handled by the COLONNADE staff and advisor.

Most underclass, faculty, and sports team pictures were taken by Max Ward Studios, Inc. Senior portraits were taken by Vacaro Senior Portraits, a division of Max Ward. Most of the general photography in the book was taken by the CCHS photojournalism class and its advisor, Ms. Barbara Keller. They were assisted by COLONNADE photographer Jason Judd. Most cross-country pictures were taken by Mr. Randy Schoepflin and were donated for our use.

Type styles varied throughout the book. All copy and headlines were set in SOUVENIR MEDIUM #165, with copy in 12 pt. type, headlines in 36 pt. with the words START and FUTURE in 48 pt. type. Captions were in GOUDY ITALICS #201, 10 pt. type-set. The Senior Directory was set in PALATINO #141, with names in 8 pt. bold, information in 6 point. Divider pages were set in 24 pt., headlines enlarged to 8 pica (where possible). All type was solid as opposed to leaded.

The cover, in basic design the work of Ken Buraker, was done in three colors: lexotone black #41075 background with design in a combination of Red PMS 186c and Hot-stamped silver. Senior class members had the option of having their names imprinted below the words "1989 COLONNADE" for \$3 in a choice of Red or Silver. 151 seniors had imprinted books.

In new format for 1989, COLONNADE was 9x12 with 160 pages, color pages being done in a dull gloss paper. All senior portraits were printed in color. On all regular spreads, a standard 2-pica-wide grid was used. The grid was designed at 4½-pica squares, indented from the left margin 5 picas, extended to the right-hand

page if picture options made it possible. The theme of the book, The Future STARTS Now, was carried through wherever possible, as was the triangle logo as exemplified in all page numbers and in lots where no student mug shot was available. A low register eye line before all major headings was also used.

The 1989 COLONNADE staff would like to express its thanks to all those who contributed to the successful production of this yearbook. To the library staff for endless xeroxing of papers. To all the teachers and coaches who let staff members and students into (and out of) classes — especially during class picture days and deadline times. Thanks also to the teachers for answering endless factual questions and for posing for new and improved faculty pictures. Special mention goes to Mr. Creasy and Mr. Carpenter, computer science teachers, who devised a program to implement our senior directory and to Mr. Bob Houck, who debugged it! Guidance Secretary Mrs. Peggy Bruce deserves credit for handling at least ten thousand questions about entry to school, attendance, withdrawals, and grade level placement.

We would like to acknowledge and appreciate all those who popped a head in one or the other of our doors in Room 9A to ask how we were doing. Thank you for caring in this, our (in many ways) fledgling year.

In particular, we wish to give a round of applause to Mr. B.J. Davis and his Period 5 English 11A class for lasting a whole school year next door to our sometimes over-exuberant staff.

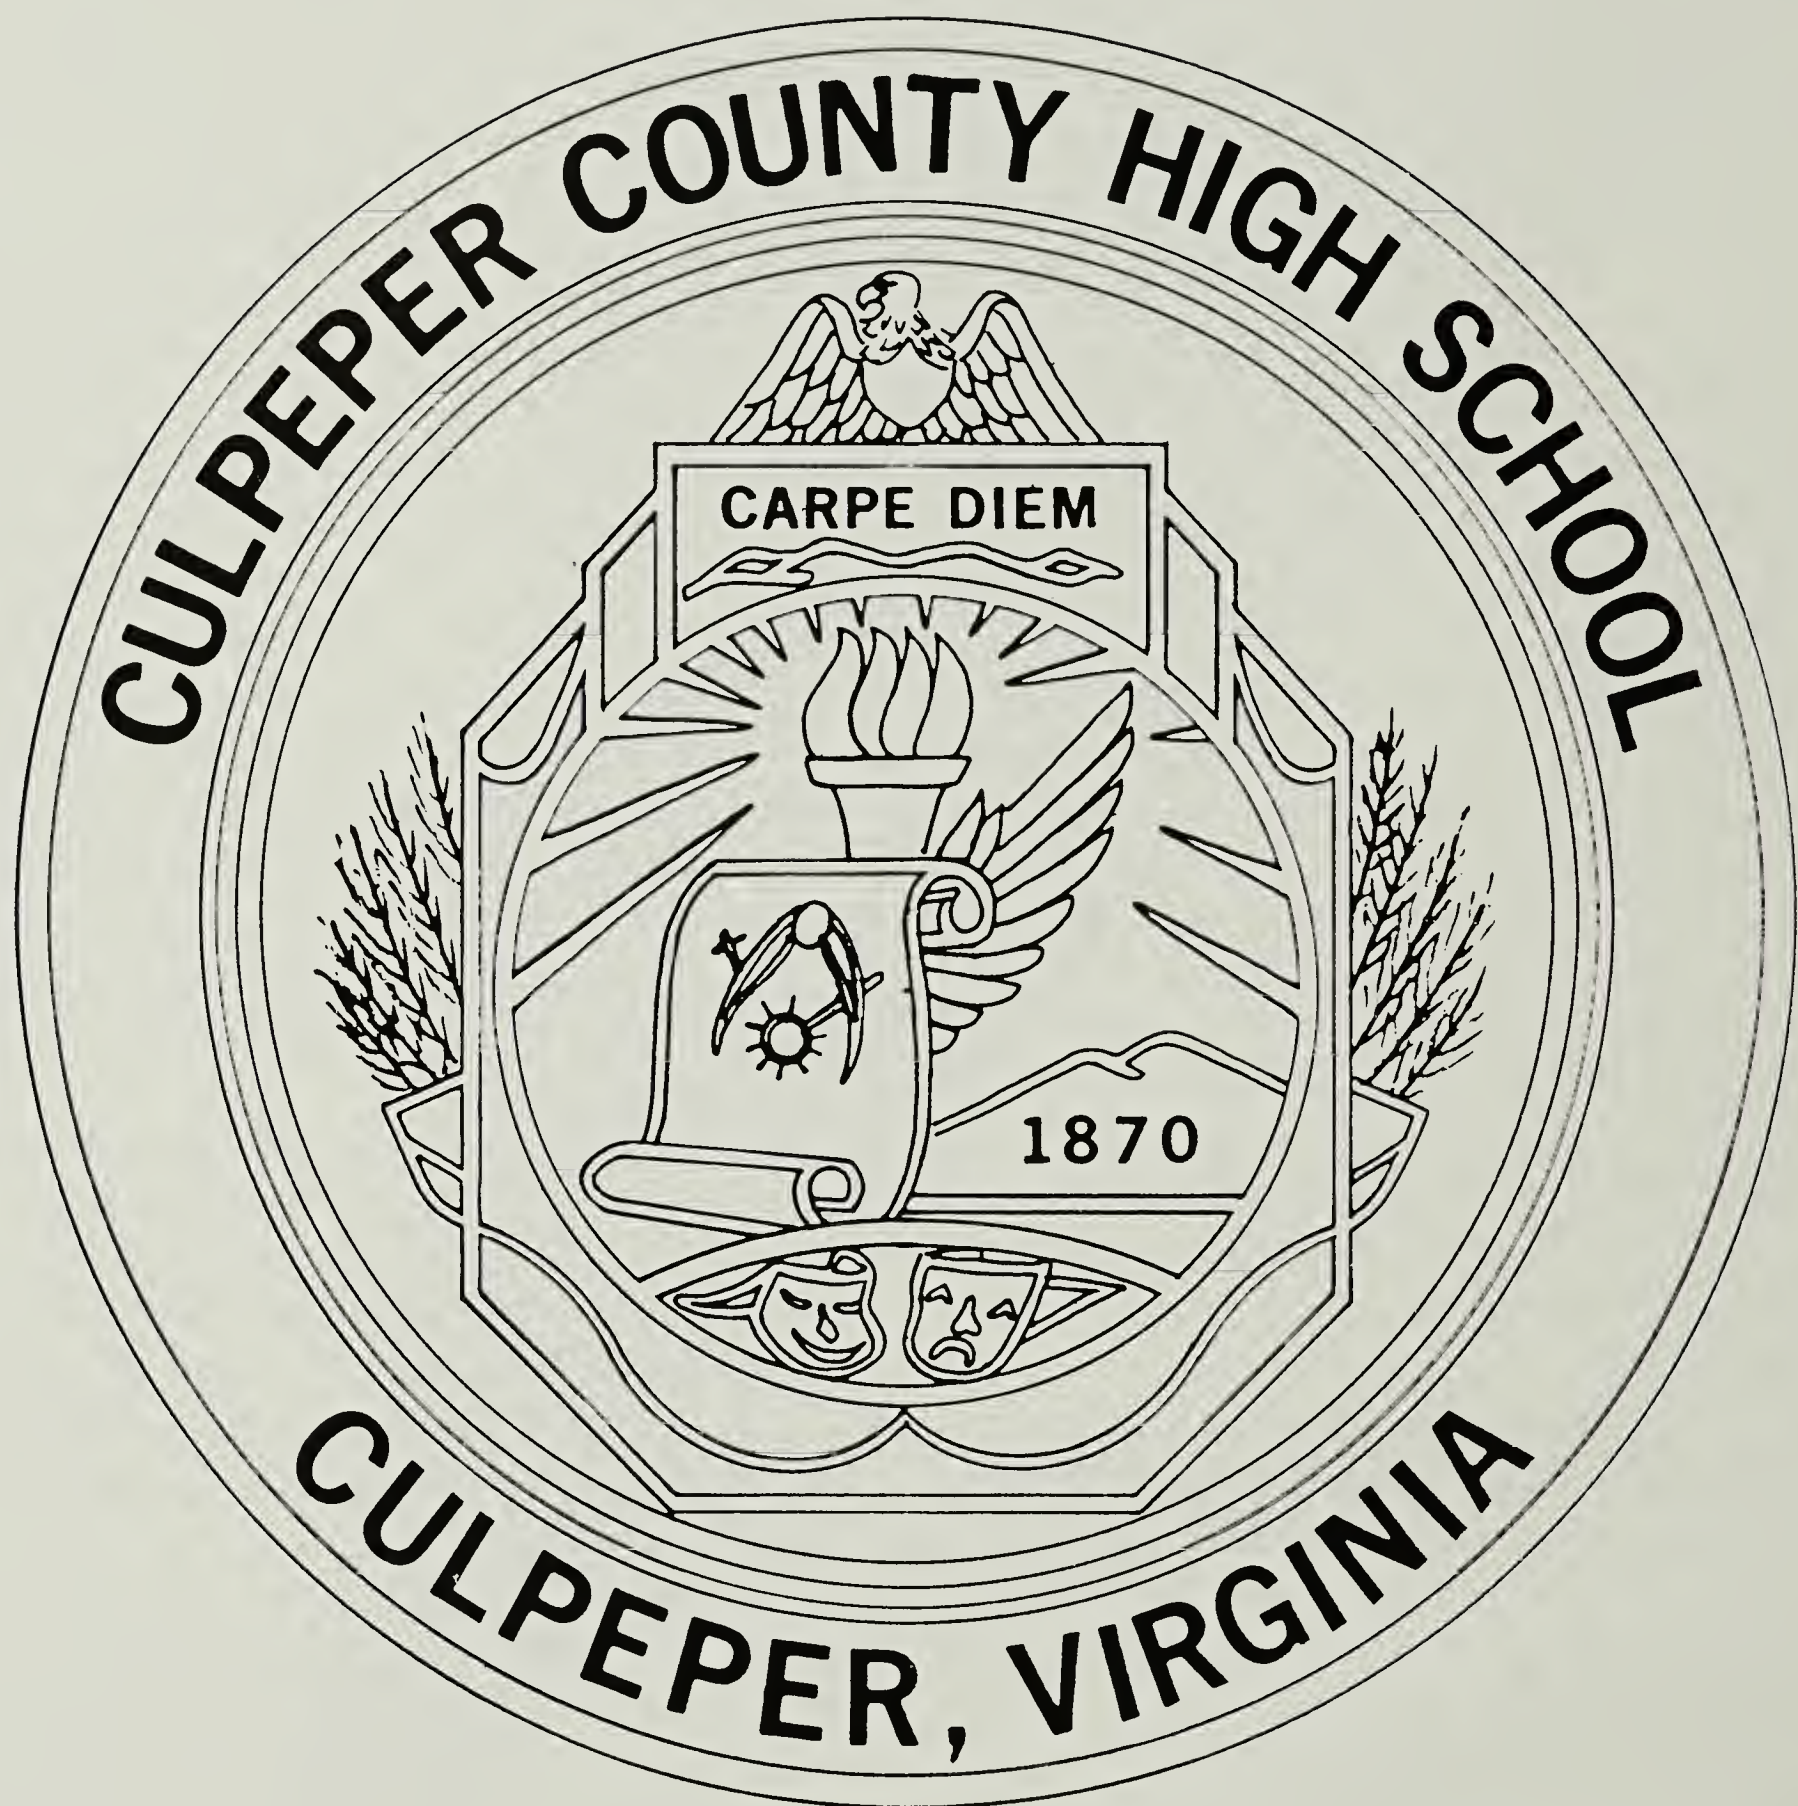

To our Principal, Mr. Bill Pearson, we give much credit for giving us constant encouragement and a way to make everything work out. And finally for his endless editing, brainstorming, humorous, berating, praising, encouraging work, the 1989 COLONNADE staff acknowledges Mr. Fred Seward, our fearless advisor, with thanks and best wishes.
